Career Objective

I do programming since my university life as a **contest programmer**. I want to be an expert Software Engineer so that I can develop professional and useful software that has business value. I am looking for a **Fresher Software Engineer** position in a reputed software company that can help me to succeed. I prefer **PHP & its Framework Laravel** for development but I can quickly switch to any technologies.

Education

B.Sc in Software Engineering(12th semester)

Daffodil International University

CGPA – 3.18

Expected graduation date - May 2019.

Technical Skills

- **Proficient in Algorithms, Data Structures, and Problem Solving.**
- **Programming Languages:** PHP, C, C++, Java, C#.
- **Technologies & Frameworks:** Laravel, MySQL, Bootstrap, Microsoft SQL Server, Git & Github.

Programming Contest Experiences

- **State University IUPC 2016** - Placed 52th (Team-CrackOfDawn)
- **NCPC 2016(Asia Pacific University)** - Placed 86th (Team- CrackOfDawn)
- Ranked in top **50** in some online contests hosted by Codemarshal, LightOJ, Devskill.

Online Problem Solving

- Solved more than **200** problems on UVA Online Judge. **Handle :** [ashik53@diu](#)
- Solved around **100** problems on LightOJ. **User ID:** [27684](#)
- Solved more than **200** problems in **Codeforces, SPOJ, HackerRank, Codechef** Online Judges.

Student Project

Alumni Job Portal

I developed an Web Application which helps University Alumnis to be connected with University's current students. Alumnis can **post jobs** for fresh graduates or students. Students can apply those job posts. All kinds of database relationship (**example- one-to-many, many-to-many** etc.) are implemented. I **used PHP & its Framework Laravel, MySQL** in backend and uses **Twitter Bootstrap Framework** on the front-end.

Volunteer Experiences

Programming Instructor

Oct 2016 to Jan 2018

Daffodil International University

Key responsibilities

- Taught **Basic C/C++ , Elementary Data structures & Algorithms** to juniors.
- Associated with organizing several Intra-department programming contests, **creating problem sets** for contests.
